In-kind assistance to WHO

United Kingdom

- The UAE turned ExCeL London, the capital's largest venue for exhibitions and conferences, into an emergency field hospital for the treatment of patients infected with COVID-19. Named the NHS Nightingale Hospital, the new facility will have a capacity of **4,000** beds and will be able to provide a comprehensive range of medical support facilities. The UAE is covering the costs associated with the operation of this center and is providing the center rent-free.

- On April 5, 2020, the UAE facilitated the repatriation of **345** British tourists visiting the UAE. In response, British Ambassador to the UAE Patrick Moody said, "I also wanted to give a huge thank you to Emirates, to the Emirati authorities who have helped make this happen…"

- On April 30, 2020, His Highness Sheikh Mohammed bin Rashid Al Maktoum, Vice President and Prime Minister of UAE and Ruler of Dubai, directed **60** metric tons of urgent medical aid and personal protective equipment to be shipped to the UK's National Health Service to help them combat the pandemic.

- On June 5, 2020, the UAE donated **6.6** metric tons of material to the United Kingdom that will enable the country to produce millions of items of personal protective equipment (PPE).

China

- Following the initial COVID-19 outbreak in Wuhan, the UAE provided medical supplies, including facemasks and gloves, to China. On January 26, 2020, HH Sheikh Mohamed bin Zayed Al Nahyan, Crown Prince of Abu Dhabi and Deputy Supreme Commander of the UAE Armed Forces, tweeted: "We're closely following the Chinese government's efforts to contain the spread of the coronavirus. We're confident in their ability to overcome this crisis. The UAE is ready to provide all support to China and cooperate with the international community to tackle this virus."

- On March 4, 2020, as part of the UAE's Homeland of Humanity Initiative, the UAE evacuated **215** people of different nationalities from China's Hubei Province to the Emirates Humanitarian City in Abu Dhabi, where they received the necessary medical evaluation and care.

Iran

- On March 3, 2020, the UAE sent four emergency medical aid aircraft to Iran carrying **49.1** tons of medical supplies and **101,000** testing kits that assisted **49,100** medical professionals. One of the planes carried **7.5** metric tons of WHO medical supplies and **5** experts.

- In a call on March 15, 2020, with Iran's Foreign Minister, Mohammad Javad Zarif, Minister of Foreign Affairs and International Cooperation HH Sheikh Abdullah bin Zayed Al Nahyan affirmed the UAE's support to the Iranian people as they manage this crisis.

- In the second supply of medical equipment to Iran on March **16, 2020**, the UAE sent over **33** metric tons of critical medical supplies, including gloves and surgical masks, as well as other protective equipment. Aid to Iran was delivered with the aim of helping **33,000** healthcare workers.

- On June 26, 2020, the UAE sent **16.1** metric tons of medical supplies to Iran to benefit **16,100** medical professionals.

South Korea

- On March 19, 2020, the UAE facilitated the evacuation of **80** individuals from Iran in response to a request by the South Korean Government. Among the evacuated individuals were six Iranians.

  The evacuation was carried out by transporting South Korean passengers from Tehran on a chartered plane to Al Maktoum International Airport in Dubai, and then transporting them by Air Asiana to Incheon International Airport in coordination with the competent authorities and the General Authority for Civil Aviation.

Croatia

On March 22, 2020, the UAE donated **13** metric tons of medical supplies to Croatia, benefiting approximately **13,000** medical professionals.

Greece

The UAE offered **13** metric tons of medical supplies to Greece on March 26, 2020, consisting mostly of special coveralls for medical protection, medical gloves, and sanitizers. In a statement, Prime Minister of Greece Kyriakos Mitsotakis remarked: "The friendship and trust we share with the United Arab Emirates are dear, and especially during these difficult times the solidarity of our allies is evident—also shown through the delivery of valuable medical supplies today."

Malaysia

The UAE sent medical equipment and supplies to Kuala Lumpur on March 29, 2020. Malaysian Foreign Minister Hishammuddin Hussein and UAE Ambassador to Malaysia Khalid Al Ghaith came together to share best practices in addressing the pandemic.

Seychelles

The UAE offered **13** metric tons of medical supplies to the Seychelles Government to assist their fight against COVID-19. The shipment from the UAE that arrived on March 25, 2020 included coveralls, gowns, gloves, masks, and other medical items.

Uzbekistan
